

# Kidney Clean

Kidney detoxifier

A nutraceutical for detoxification of kidneys and for promoting healthy kidney function. It is essential for maintaining normal body fluid balance and restores a healthy urinary tract environment.

## KEY INGREDIENTS

<i>Vaccinium oxycoccos</i>	Cleanses the kidneys of excess calcium oxalate.
<i>Bacopa monnieri</i>	Clears toxins from the kidney.
<i>Camellia sinensis</i>	Fights free radicals and aids in proper functioning of the kidney.
<i>Cichorium intybus</i>	Removes the toxic material like urea and creatinine from the body.
<i>Vitis vinifera</i>	A rich source of antioxidants and improves renal functioning.
<i>Zingiber officinale</i>	Acts as a reno-protective.
<i>Momordica charantia</i>	Antioxidant property imparts a protective effect on the kidney.

## Direction of use

Take 1 capsule twice a day.  
Each capsule to be taken along with water.

Oxidative stress is established as major culprit in disturbing the kidney functioning and is also the cause of various kidney disorders. Cytoprotective effect against oxidative stress reflects the detoxification potential in kidney.

## EFFICACY CLAIMS

Protects against oxidative stress

Maintains healthy kidney functioning

Helps in kidney detoxification

Measurement of KidneyClean protection by restoration of cell viability

Results obtained in vitro. Data demonstrates % Cell viability compared to Untreated group normalised to 100%.

## RESULTS

-  KidneyClean demonstrated cytoprotective effect against oxidative damage in kidney cells (HEK-293) by a maximum of 34% as compared to damaged group.
-  KidneyClean also showed antioxidant activity by free radical scavenging in DPPH assay with an IC<sub>50</sub> of 1.22 µg/ml.

These results substantiate the kidney health promoting and detoxifying properties of KidneyClean.
