

# RevivoMen Vita

For the overall wellness of men

A dietary herbal nutraceutical containing vitamins and minerals helps to combat fatigue, regulates men's hormonal balance, and boost the immune system for healthy living.

## KEY INGREDIENTS

<i>Ascorbic acid</i>	A strong antioxidant that prevents damage from free radicals and improves blood flow.
<i>Niacin</i>	Helps to function in the digestive system, skin, and nervous system.
<i>Ferrous sulphate</i>	A source of iron supplement, helps to overcome anemia deficiency.
<i>Zinc oxide</i>	Boosts the immune system.
<i>Pyridoxine</i>	Maintains the health of nerves, skin, and red blood cells.
<i>Calcium Pantothenate</i>	Helps in the conversion of food into energy and overcome calcium deficiency.
<i>Thiamine HCl</i>	Helps prevent complications in the nervous system, muscles, heart, stomach, and intestines.
<i>Manganese Gluconate</i>	Possesses antioxidant and anti-inflammatory properties; improves bone health.
<i>Riboflavin</i>	Helps convert carbohydrates into adenosine triphosphate (ATP).
<i>Copper citrate</i>	Protects neurological and cardiovascular health.
<i>Biotin</i>	Supports the carbohydrate, fat and protein metabolism
<i>Folic acid</i>	Helps the body to produce and maintain new cells and increases blood production.
<i>Sodium borate</i>	Increases estrogen levels that help in maintaining healthy bones and mental function.
<i>Other ingredients</i>	Sodium selenite, Ammonium molybdate, Cyanocobalamin

## Direction of use

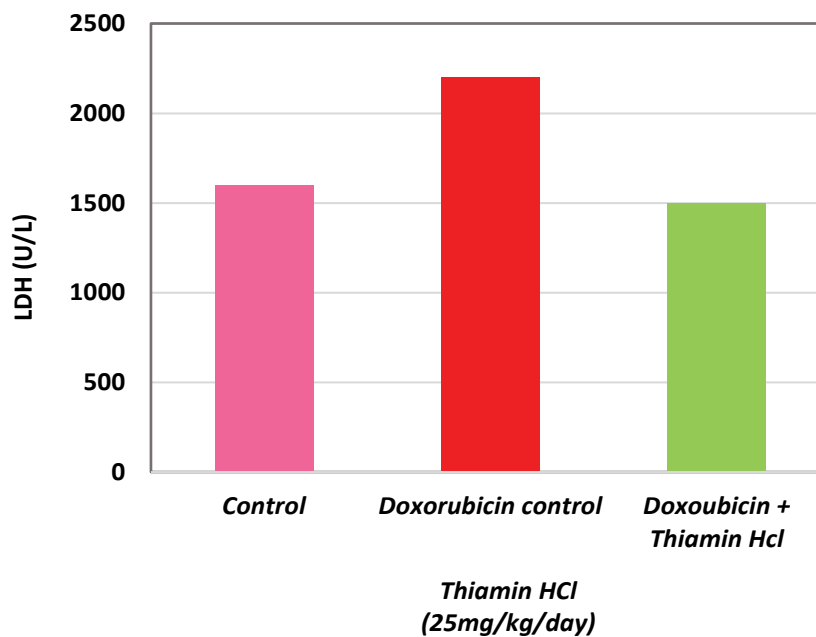

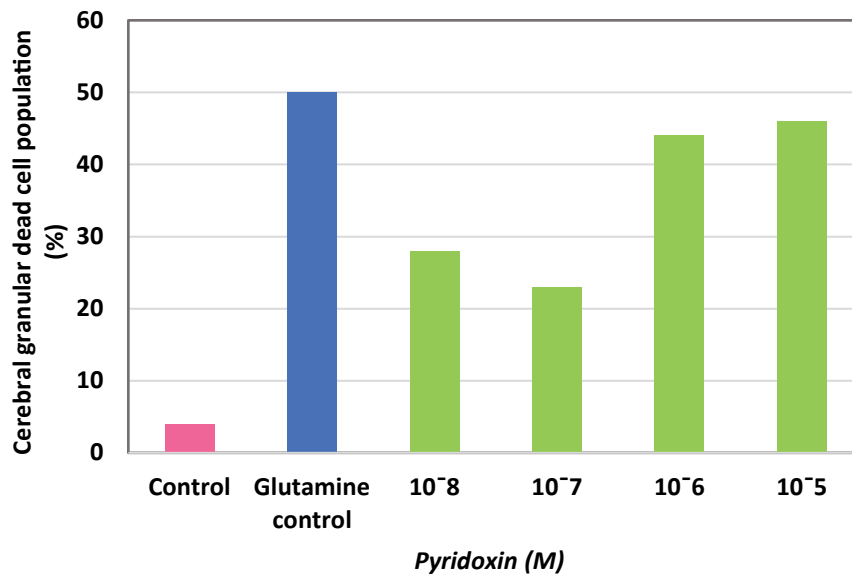

Take 1 capsule twice a day.  
Each capsule to be taken along with water.

## EFFICACY CLAIMS

Maintains healthy nerves

Boosts energy and helps to overcome calcium deficiency

Antioxidant and anti-inflammatory properties and improves bone health

Pyridoxin and Thiamin HCl demonstrate Men health activity ; Pyridoxin demonstrates Decrease in percentage of dead cell population against Glutamine toxicity, Thiamin HCl demonstrates decrease in Doxorubicin induced cardiac enzyme LDH .
